

Login or register first

- in order to access the XXL database you must **login** or (the first time) **register** with your **username**
- in both cases press the login button in the sidebar
- which presents you the login screen
- the first time click on the link "New registration to public area" to register
- in the registration form fill all fields *including both passwords* and press register.
An e-mail will be sent to you, which contains a confirmation link to be clicked. The confirmation will log you in for the first time.
You will be able to change the registration info later at any time using the "my account" button in the side bar (when logged in)
- at this point you are registered (and in the future can login) in the public workspace ...
- The other workspaces are reserved for internal use of the XXL team.
